

SRI RAKSHA SIVA

Business Analyst · Applied AI · Open to Werkstudent · Open for HiWi

📍 Heilbronn, Germany ✉ sriraksha17.siva@gmail.com ☎ +49 155 10764556

☎ +91 9940536939 📁 Portfolio 🔄 Sri-Raksha 🌐 [sri-raksha-siva](https://sri-raksha-siva.github.io)

Profile

Applied Artificial Intelligence Master's student at Hochschule Heilbronn with professional experience as a **Business Analyst in India** across B2B and Quick Commerce. Worked across commercial planning, pricing and margin analysis, SKU planning, sales, marketing, and platform performance, using data to support business decisions and improve operational processes. Hands-on experience with **Python, SQL, Advanced Excel, Power BI, ETL**, and **Google Apps Script**, building analytical models, dashboards, and automated workflows. **Open to Werkstudent opportunities.**

Skills

Data & BI: SQL, Advanced Excel, Power BI, Tableau, ETL, Data Modelling, KPI Reporting, Dashboard Development, Pricing & Margin Analysis

Programming & ML: Python, Pandas, NumPy, Scikit-learn, Machine Learning, Predictive & Time-Series Modelling, Google Apps Script

Business & Commercial: Requirements Elicitation, Process Mapping, Root Cause Analysis, B2B & Quick Commerce Operations, SKU Planning, Procurement, Odoo ERP, Agile / Scrum

Soft Skills: Communication, Problem-Solving, Cross-functional Collaboration, Adaptability

Languages: English, German (A1), Hindi, Tamil, Telugu

Work Experience

Business Analyst, TenderCuts.in

Chennai, India
Jan 2026 – Aug 2026

- Increased **B2B revenue by 15%** through data-driven commercial analysis, performance tracking, pricing initiatives, and operational improvements.
- Improved **category margin by 25%** across approximately **200 SKUs** and **five categories** through data-driven pricing and promotional optimisation across major Quick Commerce platforms.
- Managed platform pricing, purchase order quantities, margin reporting, and SKU planning as the primary analytical point of contact across **five Quick Commerce platforms**.
- Built **Power BI** and **Advanced Excel** dashboards to monitor sales, margins, SKU performance, platform contribution, and marketing KPIs.
- Developed a **Python**-based sell-through model and automated PO and GRN processing, stock-alert monitoring, and recurring reporting, reducing manual operational workload by **10%**.
- Built **ETL** and **Google Apps Script** workflows for data consolidation, validation, reconciliation, and reporting across B2B operations.
- Supported the expansion of Quick Commerce product supply across **six cities in South India**.
- Collaborated with Marketing, Commercial, Supply, and Operations teams to execute platform-specific commercial and growth initiatives.

Junior Business Analyst, TenderCuts.in

Chennai, India
Sep 2025 – Dec 2025

- Analysed sales, SKU, pricing, order, and platform performance data supporting B2B and Quick Commerce operations.
- Supported pricing, margin, promotional, SKU, purchase order, and GRN processes, including data validation and reconciliation.
- Developed **Power BI** and **Excel** reports for sales tracking, commercial KPI monitoring, and B2B performance.
- Used **Python** and **Google Apps Script** to automate recurring reporting and data-processing workflows.

Video Editor (Freelance and Club Volunteer), Freelance and SRIHER Clubs

Chennai, India
2022 – Present

- Edited short-form videos and reels for small clients and college clubs using **CapCut** and **VN**, covering cuts, transitions, captions, music sync, and pacing.
- Designed thumbnails, posters, and visual assets using **Adobe Photoshop** and **Canva**, keeping a consistent look across content.
- Handled the full workflow from raw footage to final export, meeting client and event deadlines.
- Video work showcased on Instagram: [@raksaurcamroll](https://www.instagram.com/raksaurcamroll) and [@sriraksha_siva](https://www.instagram.com/sriraksha_siva).

Freelancer (Frontend Developer), Greenheaps

Remote
Jun 2025 – Aug 2025

- Developed responsive web interfaces and reusable frontend components based on project requirements. Translated **UI/UX** designs into functional and user-focused web layouts.

Data Science Intern, 24/7 Customer Pvt. Ltd

- Contributed to an **AI**- and **LLM**-powered pronunciation training application for real-time speech assessment and personalised feedback. Developed speech analysis functionality to identify pronunciation patterns and generate corrective feedback.

Bengaluru, India
Feb 2025 – Jul 2025

Machine Learning Intern, Nokia Network and Solutions Pvt. Ltd.

- Developed **machine learning**-based image detection models for shopfloor monitoring and operational optimisation. Built a real-time web application supporting shopfloor process monitoring and efficiency improvement.

Chennai, India
2023

Deep Learning Intern (Internal), Sri Ramachandra Institute of Higher Education and Research

- Analysed audio and phonation data for voice pathology detection. Developed **RNN**-based approaches for vocal nodule identification.

Chennai, India
2023

Web Development Intern (Internal), Sri Ramachandra Institute of Higher Education and Research

- Developed **BEEFAST**, an e-commerce website with integrated frontend and backend functionality.

Chennai, India
2022

Education

M.Sc. Hochschule Heilbronn, Heilbronn, Germany

- Master of Science in Applied Artificial Intelligence

Sep 2026 – Present

B.Tech Sri Ramachandra Institute of Higher Education and Research, Chennai, India

- Bachelor of Technology in Computer Science and Engineering (Artificial Intelligence and Data Analytics)

2021 – 2025

Research Projects

"Voice Pathology Detection using Phonation"

- Sri Raksha Siva, Nived Suthahar, Prakash Boominathan, Uma Ranjan

Presented at: 3rd International Conference on Biomedical Engineering Science and Technology (ICBEST 2025), **NIT Raipur**. Awarded **"Best Paper"**.

Conference Papers

"Tweets in Flight: Analyzing Sentiment Dynamics in the Airline Industry"

- JoeRaj S Noel, Sri Raksha Siva, Pradeeksha

Presented at the Artificial Intelligence for Teaching, Learning & Application conference, Reva University. Awarded **"Best Paper"**.

"The AI Revolution: Transforming Education and Gender Equality to Meet SDGs 4 and 5"

- Supriya Sam Noel, Sri Raksha Siva, JoeRaj S. Noel

Presented at the Opportunities and Challenges in Artificial Intelligence conference, VTARTS Research and Innovation Committee, Vel Tech Ranga Sanku Arts College.

Projects

- Analyzing Mental Health and Sleep Cycles as Predictors of Academic Outcomes Using Deep Learning (ML)
- Social Sparkle: Community Engagement Hub (Website)
- Enhancing Cancer Diagnosis Precision with ML and RNA-seq Technology (ML)
- Reinforcement Learning for an Autonomous Taxi System (RL)
- IMDB Movie Ratings Prediction (DS)
- Marvel Verse - Fan E-commerce Page (Website)

Certifications

- Business Analytics from the University of Pennsylvania Coursera
- Google Data Analytics Coursera
- Microsoft Business Analyst Professional Certificate Coursera
- Generative AI for Business Intelligence (BI) Analysts from IBM Coursera

Extracurricular Activities

- Secretary General**, Theatre Club at Sri Ramachandra Institute of Higher Education and Research (Nov 2022 - Nov 2023)
- Treasurer**, Fine Arts Club at Sri Ramachandra Institute of Higher Education and Research (Feb 2023 - May 2023)
- Vice President**, Entertainment Technology Club at Sri Ramachandra Institute of Higher Education and Research (Dec 2023 - May 2024)

Patents

- AI-Powered Hip Hop Healing and Recovery for Adults with PTSD** (Application No: 202341081298)
- Voices Reimagined: AI-Powered Augmented Reality for Speech Intervention** (Application No: 202441070385)
